Bois-de-Liesse Nature Park – May 15, 2016

Weather forecasters had threatened us with showers but, happily, we had none. The day was dry and mild. Four courses were set and 128 people turned up to run or walk them, including a number of families with young children.

Competitors were reminded that we expected them to adhere to the park's **stay-on-trails** rules – no short cutting! The courses were planned bearing this rule in mind, and so fairness in the competition relied on everyone's compliance.

There was an exceptionally high number of participants who went in 'groups' – 88 of the 128. The number of 'first-timers' was also high. Both of these situations caused the registration and start procedures in the chalet to bog down at times.

And the heroes were...

Francis Falardeau (having organized a Laurentian Rogaine the day before) breezed around the 23 controls on the 10 km LONG #4 course in just under 48 minutes. **Vitali Tulchinski** was 2nd in 0:59:38 and **Anatoliy Rayda** placed 3rd in 1:06:00 **Corinna Schmidt** of the Greater Vancouver O Club was the fastest woman in 1:34:42.

In the 6.3 km (pbr) Short-ADVANCED #3 race **Christian Reid** edged **Andy Rhodes**, 0:45:12 to 0:45:58. **Doug Balmer** was 3rd in 0:50:51. **Olga Rayda** was the top woman, finishing just 2½ minutes ahead of Marianne Côté-Jacques. (1:04:18 / 1:06:49)

The #2 4.5 km (pbr) INTERMEDIATE course was remarkably led by 14-year-old **Paval Vlassov** who completed the 11 controls in 0:50:30. 10-year-old **Ryan Secours** took 1:43:03 but completed the course...a best performance in years for a pre-teen! **Lina Gavrilova** led five other women in the #2 with a time of 1:04:37.

The NOVICE #1 course (3.0 km – 8 controls) was completed by the Michael Creamer family (with 3 children under 6 years of age) in just over 37 minutes. New member, Méghan Audet, did it in 0:53:52.

CONGRATULATIONS to all who participated !

SPECIAL THANKS to Bruce & Elaine and Dmitri & Elena who hung all of the 34 controls on Sunday morning. Also providing essential assistance were Gloria, Lina, Vlad, Paul, Anatoliy, Francis and Vitali. The map and the course designs were by myself.
