<b>37 "Starts". Participation : 50 adults + 2 youths of 13 yrs. + 14 children under 12 : 66</b>				
<b>Ramblers Orienteering Club</b>				

# ***Ramblers Orienteering Club***

## **MEET REPORT: Mount Royal Park – June 13, 2010**

**H**ow amazing it is to observe the many moods our mountain can display as the seasons change. Some trails become more obvious, others harder to see. Deep views through the woods, possible several weeks ago, are now restricted by lush greenery ...and an Orienteering experience becomes very different.

**Bruce Glen** designed and set the four courses, hanging the tapes late Saturday afternoon. Thankfully, they were all still in place by the time the last of the late starters finished around 2:40 pm. Bruce and Elaine then proceeded to pick up the 43 controls.

**The weather – once again – was absolutely perfect throughout the day!**

Those who were not there missed a good event.

The #4 LONG-ADVANCED Course had a 1.3 km obligatory (marked in red) route to follow. Along its way 9 controls (not shown on the map) could be found – **if** runners were able to stay on the correct trails. Most had at least some problems along the route which wound through the intricate north end of the map.

### **HOW THEY DID.**

**Francis Falardeau**, in spite of a sore leg, was able to finish with the shortest time, completing the 7.6 km LONG in 1:08:29 – just 97 seconds ahead of **Andreas Rutkauskas**. **Dmitri Golovanov** was 3<sup>rd</sup> in 1:17:19.

In the SHORT-ADVANCED **Jessica Auer** (Andreas' spouse) was not to be topped by anyone. Having a good day, she covered the 5 km in 0:50:17, with an 11 minutes lead over 2<sup>nd</sup> place **Charles Melancon**. **Patrick Fernet**, who had to catch an afternoon flight abroad, was 3<sup>rd</sup>.

The team of **Stefan Bracher** and **Istvan Losonczy**, participating in their second meet with us, placed first in the 3.8 km INTERMEDIATE event. Their time was 0:41:32. **Stanley Lee** was 2<sup>nd</sup> and **Joanna** and **Alex Eyquem** were 3<sup>rd</sup>.

In the SHORT-EASIEST event (2.7 km, 10 controls) **Francois Abram** and daughter **Mélusine**, aged 10, had the best time, 0:38:05. 2<sup>nd</sup> was **Denise OBriain**, who with her two young boys, Ryan 4½ and Kyle 2½, covered the course in 0:49:51. Wow!

Of interest also was the **Carrier/Duhamel** family, first-time participants with us. They went on both Courses 1 and 2 while carrying their 2½-months old baby, papoose-style !

**CONGRATULATIONS** to all who participated

and

**THANKS** to Bruce and Elaine for organizing the event, as well as to Gloria, who worked at the Registration table.

*John*
