Ramblers Orienteering Club

EVENT SUMMARY: Morgan Arboretum – October 24, 2010

Contrary to the weather forecasts, even those put out the night before, the weather was **dry** and the temperature about normal for the season. Too bad we can't say something similar for the amount of water on the ground in the Arboretum. There was a lot, especially noticeable on the advanced courses. It probably made identifying features on the map more difficult. Nevertheless, most competitors didn't seem too upset by the wetness underfoot. In fact, a few did a second course.

Some participants may have found themselves a little over their heads in the course they chose to compete on. There can be a big difference between the two easier ones that we set and the advanced courses – especially at the Arboretum, our most technically challenging local area.

Because of the considerable number of John Abbott College students who were scheduled to go on Course 3, we offered a 3-B, as well. It was actually 3-A in reverse, but with a fairly easy control added near the end and a change, also, at the very beginning. The level of difficulty was about the same, perhaps favouring 3-B in certain control approaches.

Thomas Kneubühler had by far the best run of the day, completing the #4 Long-Advanced, 7.9 km course, in just 1:11:20. 2nd place had a much closer outcome with only six seconds separating two runners: **Dmitri Golovanov** edged **Ralph Seyfert**, 1:27:01 to 1:27:07.

On Course 3-A (5.15 (straight-line measurement), **Jeremy Barnes** came back with a 9 seconds lead over **Doug Balmer**: 0:57:46 to 0:57:55. **Aurora Varela** wasn't far behind (0:58:25) to register as the top woman Orienteer of the day. Husband, **Maxime Despots**, was less than 3 minutes behind !

Course 3-B saw **Geoffrey Jones** with a 1st place finish over the 13 controls in 1:11:38. The team of **Kun Chang** and **Van Royko** were 2nd (1:18:18) and **Sarah Kettenback**, a John Abbott College student, was 3rd in 1:49:00...and top woman on the course that had 19 competitors.

On Course 2... **Anthony Berkers** took 0:45:23; **Barbara Schumann**, with children, **Andrea** 13, and **Dominic** 10, was 0:49:50. Newcomer, **Tammy Briggs** placed 3rd in 0:57:40.

Dawson College students participated on Course 1 (2.8 km, 10 controls) and **Guillaume Lévesque** of the College finished 1st in 0:35:00. **Martin Bédard** and his 5-year old daughter were 2nd and **Jo Balmer**, with 9-yr twin daughters was 3rd. There were 28 'starts' on the #1.

CONGRATULATIONS to all who came out, participated, got their feet wet ...and did well !

And, the Club's special **THANKS** goes to the many members who helped make the meet possible : **Gloria, Bruce, Elaine, Lina, Barbara, Andrea, Ada and Dmitri**, and also to **Karen Oljemark** (Chair of JAC Phys Ed Dept.) who, with her JAC students, will pick up all the O-flags. There are/were 50 of them out there!

Also, **our very special thanks again** to **The Morgan Arboretum** for the opportunity of holding our most popular event in their wonderful property – Canada's largest arboretum! With their new track-setter, and hoped-for great snow falls, the x/c skiing should be great in the Arboretum this winter! We hope to hold another Ski-O/SnowshoeO there in late Feb/early Mar.
