Ramblers Orienteering Club

REPORT : Mount Royal Park – May 29, 2011

Warm and sunny weather has finally arrived – unfortunately, one day too late for our event. Small trails were wet and the air was quite humid, but thankfully, no rain actually fell on us.

Bruce Glen designed the four courses and late Saturday, along with Elaine, put the 34 controls and punches in place. None were lost. The degree of length and difficulty were just about right with the fastest on each course being just under or just over one hour, and with the average time for each course being around 75 to 90 minutes.

The 8.3 km *Long-Advanced* course was mastered by **Francis Falardeau** in 0:51:29. McGill student, **Matthew Hryciuk**, who is a member of the National Junior Orienteering squad was close behind in 0:53:56 and **Nicolas Barrière** was just 10 seconds back of him. **Stéphane Rousseau** rounded out the “under-an-hour” finishers with an 0:58:42. The Long-Advanced attracted the most starters –16.

The *Short-Advanced*, covering 5.4 km, was led by **Benoit Thibault** (0:52:41) with **Doug Balmer** 2nd (0:59:18). **Yee Fun Wong**, who doesn't get to run with us too often, placed 3rd. Her time of 1:00:15 was just 2 minutes faster than **Jessica Auer**. The two ladies were the speediest for their gender on the day.

Eric Maag and son **Torrin**, (11), covered the 4.4 km of the *Intermediate* course in 1:04:53, while **Mary Ellen Montague** continued her reign over the *Easiest* course, edging the team of **Marie-Hélène Tremblay** and **Alain Gauthier** by 42 seconds: 0:51:28 vs 0:52:00.

Sixty persons took part in 42 “starts”, including 7 children under 12 years.
Congratulations to those who braved the weather threats...and did so well !

THANKS to **Bruce and Elaine** for organizing the meet and for collecting many of the tapes & punches afterwards. **Thomas Kneubühler** and **Florent Vilotte** also picked up controls. **Gloria** handled registration and also picked up some controls.

John
