Ramblers Orienteering Club

MEET REPORT: Maisonneuve Park – September 11, 2011

With sunny skies and temperatures in the low twenties, it was a perfect day for an Orienteering run.

Participants had a choice of three courses. No.1 was 3.0 km (straight-line measurement) and was designed to be technically the easiest. No.2 covered 4.2 km and was the primary course. No.3 consisted of first having to complete No.2 and then running another course of 3.5 km – total 7.7 km. Consequently, the 60 maps printed of No.2 were just barely sufficient to meet requirements.

We had 54 starts, with a total participation of 104, including 20 children under 12 years of age that were accompanying their parents.

One organizing glitch threatened the day. We somehow forgot to bring control cards for everyone to record their ‘punches’ and ‘times’. A makeshift solution was devised and participants were asked to ‘punch’ along the bottom of their map. Awkward, but it worked.

Meanwhile, out in the terrain, none of the 25 markers and punches that were hung late on Saturday afternoon went missing during the meet – although one was ‘gone’ when Bruce and Elaine went to pick up controls after the event.

Matthew Hryciuk, a former member of the Canada’s Junior Orienteering Team, must have found the terrain and course to his liking. At an average pace of 5.2 minutes per km, he ran the 7.7 km No.3 course, with its 23 controls, in 0:40:02, well head of the other 13 entrants. **Dmitri Golovanov** was 2nd in 0:48:58 and **Stefan Schmutterer** (a visiting orienteer from Germany) was 3rd in 0:50:36. **Jessica Auer** was the fastest woman, finishing ‘the Long’ in 1:00:31.

Glen and Susie Wight had a great run on the 4.2 km No.2 Course, covering the 14-control circuit in just 0:37:12. **Marc and Sylvie Davignon/Perrault** were 2nd in 0:48:18. Thomas Davignon came 3rd, just 28 seconds behind his parents. **Caroline Leger** had the best time amongst the ladies and was 4th overall in 0:49:30. The course had 26 participants, not including the 15 who did it with the Long Course.

Susan Nerberg, recently from Sweden, partnered with **Alejandro Palavecino** to complete the 3 km easiest course, in a fast 0:35:45. **Denise OBriain** was 2nd in 0:45:40 (while shepherding her two young boys, ages 6 and 4, around the course). The **Marc Butz family** of five was just 14 seconds behind her. There were 12 starts on the course, the average taking about one hour.

My THANKS to those who helped at the event – mainly Gloria at Registration and Bruce, Elaine and Claude who picked up the controls by mid-afternoon.

John
