## MEET REPORT

### Centre de la Nature de LAVAL - October 14, 2012

**T**he weather forecasts were predicting rain. In fact the 14-day trend had it precisely pegged for our event. Well, it came, but fortunately not until all participants had started –and finished. The threat however was sufficient to keep a lot of folks at home and, as usual, it was the two shorter courses that felt the loss. 140 maps were printed for the 4 courses. 40 were used. Alas, you win some and you.....

If you were wondering who planned those interesting and challenging courses it was the very busy, always smiling, young lady that sat at the end of one of the tables. Céline Mul was completing her practicum in becoming a Canadian Orienteering Official, Level I. She was mentored by Francis Falardeau and myself.

She set three different courses, effeciently using a total of 40 controls. The punches were all put in place early Sunday morning by she and Francis.

Course #1, at 2.4 km (straight-line measurement) had easier legs than the other two courses. #2 was 50% longer and with slightly more advanced control locations. #3 was designed to provide as much challenge as this small park could afford.

Almost half the competitors ran the #4 course – first completing the #2 and immediately following, did #3. **Nicolas Barrière** finished this 8 km total in a swift 0:50:53.

Just behind was **Dmitri Golovanov** and **Stephane Rousseau** with times of 52:08 and 54:00. **Jessica Auer** was 5<sup>th</sup> overall (1:03:04) and, once again, earned top lady position. She was very closely followed though by 3 other ladies – placing 4 women in the top 8 finishers on the “Long-Advanced”!

The #3 course had times ranging from 30 to 100 minutes, with **Evan Haldane** leading the way.

**THANKS** for the meet are deserved by Céline, Francis, Gloria, Bruce and Elaine, all of whom also participated in the pick-up of controls.

*John*
