Ramblers Orienteering Club

“Sprint-O” Report

Centre de la Nature LAVAL — September 7

The weather was great for the 83 Club members, and others, who took part at this neat and attractive park. A record number of 46 controls were set for three courses, the intention being to provide many route choice possibilities in a sprint-O type event.

Although the park is a relatively small one, an 8.9 km (probable best route) course was possible by having Course 4 runners first complete Course 2 and then do the Course 3 map, a separate loop.

Andreas Rutkauskas completed the distance in a fast 0:55:59. He was followed by **Frederic Elias**, **Neil Barrett** and, in 4th place, **Jessica Auer**, the only woman doing the “Long”. Her time, 1:05:05, was about 9 minutes behind “her other half”.

The #3, 5.6 km Short-Advanced was led by **Canberk Ozdemir** with a time of 0:37:46. Close behind were **Nadine Cybulski** and **Ciprian Coman** tied at 0:39:00.

On the #2 course **Denise OBriain**, along with her son, **Kyle** (6 years), wasted little time navigating the 3.25 km course. They’re time: just 34 minutes.

The No. 1 Short & Easy course (2.4 km, 11 controls) had only a few participants – the most successful of which turned out to be two boys, aged 11 and 9, though we understand that they were being closely shadowed by their mother. Daniel and David Cross finished in exactly one hour.

The Club’s THANKS are due to those who made the meet possible: Gloria did all the registration work indoors while, just outside, Bruce, Elaine, Elena and Dimitri handled the timing of starts and finishes. Dimitri, who was the one behind the computer, was introducing, for a first time in our Club, the use of a program designed to keep track of registrants and their times. Finally, if you didn’t like the map, or the courses, I am the one to blame.

John
