Ramblers Orienteering Club

## Ramblers Orienteering Club

# Cap Saint-Jacques — September 27

A great event in a great new park for Orienteering

**F**or the inauguration of the Club's newest O-map, we enjoyed an exceptional day. It was warm and very sunny.

In creating the map, Dmitri Golovanov made many trips to the park and spent a total of 135 hours in field-checking ...**and** then, of course, there was the Ocad drafting work! The result is a quality map with considerable detail that includes a great many trails, both major and minor. We're looking forward to our next event there.

To go with the fine new map, the 4 courses that were set were equally great. Each produced a fastest time in line with course-planning norms. Distances ranged from a Long-Advanced of 8.4 km, with 20 controls, to a much easier 2.5 km course, ideal for beginners and family groups.

**Andreas Rutkauskas** followed-up his win at our previous meet in Laval, 3 weeks earlier, with another, covering the 'Long-Advanced' in 1:10:21.

**Aurora Varela** mastered the #3 course (4.8 km, 15c) in just 0:50:11, while the team of **Olga, Anastasia** and **Alex Golubeva** did the same on Course #2, finishing the 3.8 km, (10c) in 0:52:30

**Mary Ellen Montague** led the way on the #1 course (2.5 km, 9c) with a time of 0:37:45.

**Denise O'Briain, running** with her sons, Ryan and Kyle (ages 8 & 6 years), was one minute back.

The event had 75 adult participants, plus 15 accompanying youngsters under 12.

HELPERS at the meet included

Gloria, Ciprian, Bruce, Ian, Yuliya, Dmitry K, and of course, Dmitri G. Thanks to all!
