## **MEET REPORT – Maisonneuve Park – June 21, 2015**

**F**or several days the forecasts were predicting a day of rain, possibly heavy, and with thunderstorms –not what we'd like for orienteering in an open area! So, how delighted we were that the weather system found another route to take, and completely bypassed Montreal. Smart orienteering, Weatherman!

Father's Day family celebrations probably kept some Ramblers from turning up but 68 participants made it and ran/walked their way around on one of the 3 courses that had been set Saturday evening by **Ciprian Coman**. It was Ciprian's first time as a course designer and he did a very commendable job.

The #3 LONG Course consisted of completing two courses: first the #2 course, and then the #3. The total (direct-line) length was 7.55 km and there were 30 control points. **Francis Falardeau** did the first half (4.1 km) in just under 21 minutes and then ran around the second half. His total time: 39:03. **Juno Kim** was second in 41:42 and **Frederic Elias** was 3<sup>rd</sup> in 47:25. **Marianne Côté-Jacques** was the only woman to complete the course. Her time: 1:05:22. 20 competitors ran the No. 3.

The #2 MIDDLE Distance Course (the first half of the #3 LONG) had 20 'Starts' – 10 individuals and 10 teams. **Glenn Wight** topped the list with a time for the 4.1 km of 36:44. **Alain Dubreuil** was 2<sup>nd</sup> (38:49) and **Vladimir Gavrilov** 3<sup>rd</sup> (46:58). Among the women, **Maria Elias** out-ran Lina Gavrilova: 51:13 : 1:12:09.

The #1 SHORT Course was 3.0 km. It had only 5 starts, with most of the participants going as teams. Swiftest honours go to **Nadine Cybulski** (42:00)

**CONGRATULATIONS** to everyone who participated.

**SPECIAL THANKS** to those members who made it possible...

Registration : Bruce & Gloria

Starts & Finishes : Elaine, Lina, Vladimir, Ciprian.

Course Planning & Control Placement : Ciprian

Map making, Map Printing, Course Advisor : John

Pick-up of controls : Ciprian, Elaine.
